

**Office of  
Mental Health**

# PSYCKES for County Local Government Units

**We will begin shortly**

To hear the webinar, click “Call Me” in the Audio Connection box and enter your phone number - the WebEx system will call your phone

If you do not see the Audio Connection box, go to the top of your WebEx screen, click “Communicate” > “Audio Connection” > “Join Teleconference”

**Melanie Martucci**  
**PSYCKES Medical Informatics**  
**Office of Population Health & Evaluation**  
**April 11, 2023**

# Q&A via WebEx

- All phone lines are muted
- To ask a question use the “Q&A” box in WebEx menu
  - Type question and submit to “all panelists” (default)
  - Please do not use Chat box for Q&A
- Note: slides will be emailed to attendees after webinar

# Agenda

- PSYCKES Overview
- Quality Improvement with My QI Report/Statewide Reports
- Identify High Need Cohorts with Recipient Search
- Review Client-Level Details with the Clinical Summary
- Utilization Reports to Support Value Based Payment
- PSYCKES Access: LGU Statewide vs. Provider
- Training & Technical Support

# PSYCKES Overview

# What is PSYCKES?

- A secure, HIPAA-compliant web-based application for sharing Medicaid claims and encounter data and other state administrative data
- Designed to support data-driven clinical decision-making, quality improvement and population health management
- Ongoing data updates
  - Clinical Summary updated weekly
  - Quality Indicator reports updated monthly

# Who is Viewable in PSYCKES?

- Over 11 million NYS Medicaid enrollees (currently or previously enrolled)
  - Fee for service claims
  - Managed care encounter data
  - Dual-eligible (Medicare/Medicaid): Medicaid data only
- Behavioral Health Population, i.e., at least one of the following:
  - Psychiatric or substance use service,
  - Psychiatric or substance use diagnosis, OR
  - Psychotropic medication
- Provides all data available – general medical, behavioral health, residential, etc.

# What Data is Available in PSYCKES?

- Clinical Summary provides up to 5 years of data, updated weekly
- All Medicaid FFS claims and Managed Care encounter data, across treatment settings
  - Medications, medical and behavioral health outpatient and inpatient services, ER, care coordination, residential, lab, and more!
- Multiple other state administrative databases (0-7 day lag):
  - New York City Department of Homeless Services (NYC DHS)
  - Health Home enrollment & CMA provider (DOH MAPP)
  - Managed Care Plan & HARP status (MC Enrollment Table)
  - MC Plan assigned Primary Care Physician (Quarterly, DOH)
  - State Psychiatric Center EMR
  - Assisted Outpatient Treatment provider contact (OMH TACT)
  - Assertive Community Treatment provider contact (OMH CAIRS)
  - Adult Housing/Residential program Information (OMH CAIRS)
  - Suicide attempt (OMH NIMRS)
  - Safety plans/screenings and assessments entered by providers in PSYCKES MyCHOIS
  - IMT and AOT Referral Under Investigation (DOHMH)

# Quality Indicators “Flags”

- PSYCKES identifies clients flagged for quality concerns in order to inform the treating provider or county LGU and to support clinical review and quality improvement
- When a client has an applicable quality flag, the provider is allowed access to that individual’s Clinical Summary
- Examples of current quality flags include:
  - No diabetes monitoring for individuals with diabetes and schizophrenia
  - Low medication adherence for individuals with schizophrenia
  - No follow-up after MH inpatient within 7 days; within 30 days
  - High utilization of inpatient/emergency room, Hospital Readmission
  - HARP Enrolled-Not Assessed for HCBS, HARP Enrolled, Not Health Home Enrolled
  - And more!

# What Types of Reports Are Available?

- Individual client level reports
  - Clinical Summary: Medicaid and State PC treatment history, up to 5 years
- Provider, county, and state level reports
  - My QI Report: current performance on all quality indicators; can stratify by race & ethnicity; can drill down to clients involved
  - Recipient Search Reports: run ad hoc reports to identify cohorts of interest
  - Utilization Reports: support VBP data needs
  - PSYCKES Usage Reports: monitor PHI access by staff
- Statewide Reports
  - Can select a quality indicator and review statewide proportions by region, county, plan, provider, and program

# Access to Client-Level Data

- State Level Access – All data for all recipients in PSYCKES
  - LGU leadership, state agencies
- Provider Level Access – Data for individuals linked through billing, DOH Health Home/Care Management File, or client consent
  - Providers, care managers

# My QI Report

**Office of  
Mental Health**

# My QI Report

- Tool for managing quality improvement efforts
- Updated monthly
- Eligible Population (denominator): clients served plus other parameters depending on quality indicator specifications
- Number with QI Flag (numerator): clients who meet criteria for the flag
- Compare prevalence rates for provider agency, region, state
- Filter report by: Program Type, MC Plan, Age
- Drill down into list of recipients who meet criteria for flag
- View Race/Ethnicity view of My QI Report
- Reports can be exported to Excel and PDF

# Understanding My QI Report

- Attributing clients to agency QI reports:
  - Billing: Clients linked to provider agency if billed by agency in the past 9 months
  - This rule is used to automatically link clients to providers so that current clients are included in the report each month
- Period of observation for the quality indicator:
  - Assessed by a measure, varies for each measure
  - For example, the period of observation for the High Utilization quality indicator is 13 months
- QI Reports trending over time:
  - QI Trends Past Year show the prevalence rates of quality flags by provider over time

# Clinical Summary

# What is a PSYCKES Clinical Summary?

- Summarizes up to 5 years of treatment history for a client
- Creates an integrated view from all databases available through PSYCKES
  - E.g., Hospitalizations from Medicaid billing, State PC residential services from State PC EMR, health home information from MAPP, suicide risk from incident management, AOT court orders from OMH database, Homelessness information from DHS and Medicaid
- Summarizes treatment episodes to support rapid review
- Episodes of care linked to detailed dates of service if needed (including diagnosis and procedures)
- Clinical Summary organized by sections like an EMR

# Clinical Summary Sections

- General Information
- Current Care Coordination
- Alerts and Incidents
- Social Determinants of Health (SDH)
- Quality Flags
- PSYCKES Registries
- Plans & Documents
- Screenings & Assessments
- Diagnoses
- Care Coordination History
- Medications
- Outpatient Services
- Hospital/ER/Crisis Services
- Living Support/Residential
- Laboratory & Pathology
- Other: Radiology, Dental, Vision, Medical Equipment, Transportation

# Utilization Reports to Support VBP

# Three Utilization Reports to Support VBP

## 1. Payer Mix

- Which Managed Care Plans and product lines are my clients enrolled in?
- Which plans and product lines should I focus on?

## 2. Provider Network

- Which other providers do I share clients with, for what service types?
  - For example, my mental health clinic clients use which SUD services, medical ERs, or outpatient medical services?
- Who should I partner with?

## 3. Service Settings and Volume

- What services are my clients consuming – from me, and from other providers?
- How many encounters per year, by service type (at my agency, at other providers, and in total)
- Can use to model costs

# PSYCKES Access for LGUs

# PSYCKES Access

- For counties that have access to PSYCKES, individual staff access is managed by the OMH Security Management System (SMS)
- Each county has a Security Manager for using SMS
  - Contact PSYCKES-Help for security manager information ([PSYCKES-Help@omh.ny.gov](mailto:PSYCKES-Help@omh.ny.gov))
- A new security manager can be appointed by the LGU director, if needed
  - Contact OMH Helpdesk to assign a new security manager
  - Confirm the OMH Helpdesk has correct LGU director on file
  - OMH Helpdesk sends SMS Self-Registration email to director, who then forwards email to newly appointed security manager

# LGU PSYCKES Access Levels

- Security Manager assigns the appropriate access level, depending on role of county staff
- Leadership, Oversight at LGU
  - State level access
- Direct Service Providers & Supervisors
  - Agency level access for county-operated provider
- Security documents available to explain how to utilize PSYCKES access appropriately as an LGU

# Security Documents for Counties Using PSYCKES

- PSYCKES Guidelines for:
  - Users
  - County Leadership
  - Security Managers
- LGU Security Self-Assessment Form
  - For internal use only (not to be returned to OMH)
  - Describe your LGU's security procedures related to PHI and intended use of PSYCKES
- PSYCKES User Attestation
  - For internal use only (not to be returned to OMH)
  - Agreement to follow PSYCKES Guidelines for Users and follow policies and procedures for appropriate use PHI

# Training & Technical Support

# PSYCKES Training

- PSYCKES website: [www.psyckes.org](http://www.psyckes.org)
- PSYCKES Training Webinars
  - Live webinars: Register on PSYCKES Training Webinars page
  - Recorded webinars: Slides and recordings available
    - Using PSYCKES Quality Indicator Reports
    - Navigating PSYCKES Recipient Search for Population Health
    - Using the PSYCKES Clinical Summary
    - Consent, Emergency, Quality Flag: PSYCKES Levels of Access
    - PSYCKES Mobile App for iPhones & iPads
    - Using PSYCKES from Home
    - Introduction to PSYCKES

  - [www.psyckes.org](http://www.psyckes.org) > PSYCKES Training Materials

# Self-Service Console

- The Self-Service Console is a way to manage your RSA token and PIN, for logging into secure OMH applications, including PSYCKES
- The console is accessed at: [mytoken.ny.gov](https://mytoken.ny.gov)
- From within your Self-Service Console account, you can:
  - Set security questions
  - Reset your PINs
  - Activate tokens
  - Request a replacement token
- We recommend all users set up security questions in the console so that you can reset your own PIN if ever needed
- As of April 2022, the console must be used when new users need a token or existing users need a replacement token

# Helpdesk Support

- PSYCKES Help (PSYCKES support)
  - 9:00AM – 5:00PM, Monday – Friday
  - [PSYCKES-help@omh.ny.gov](mailto:PSYCKES-help@omh.ny.gov)
