Re: Information regarding OMH County Capacity and Utilization Data Book (Calendar Year 2013 - 2014)

As of January 2015, the OMH County Capacity and Utilization Data Book (2013-2014) is available on the OMH website: <http://www.omh.ny.gov/omhweb/special-projects/dsrp/ccudb.html>. The Data Book describes inpatient and community-based psychiatric service utilization and capacity statistics at the statewide and county levels. Inpatient and outpatient service capacity and utilization are displayed for the adult (18 and older) and child (under 18) populations where appropriate. Other measures reported include psychiatric residential, licensed outpatient, emergency, and support program capacity and utilization by county and program type.

Information from this Data Book can support a range of managed care, DSRIP and Health Home service delivery planning activities. We encourage you to share as appropriate.
