eMedNY/ePACES Recipient Restriction Exception H-code descriptions

Recipient Restriction Exception Code	eMedNY code Description	Definition and Use
H9	BH High-Risk/ HARP Eligible	<p>H9 indicates an individual has met NYS's BH High-Risk criteria.</p> <p>For those eligible, H9 will trigger HARP passive enrollment. For more information refer to: Explanation of Initial HARP Enrollment Process.</p> <p>Individuals enrolled in a HIV SNP or MAP with an H9 are able to access CORE services, when all other service eligibility requirements are met.</p>
H1	HARP Enrolled	<p>H1 indicates the individual is currently enrolled in a HARP.</p> <p>All individuals enrolled in a HARP are able to access BH HCBS and CORE services, when all other eligibility requirements are met, refer to Home and Community Based Services (HCBS) Overview (ny.gov) and Community Oriented Recovery and Empowerment (CORE) Overview (ny.gov)</p> <p>Check Plan code found in ePACES to verify HARP enrollment. For more information on plan codes refer to: INFORMATION FOR ALL PROVIDERS MANAGED CARE INFORMATION (emedny.org)</p>
H2	Tier 1 HARP BH HCBS Eligible	<p>The individual has been assessed and determined to be eligible for Tier 1 BH HCBS (employment supports and education support).</p> <p>The individual must maintain enrollment in a HARP or HIV SNP for BH HCBS eligibility.</p>
H3	Tier 2 HARP BH HCBS Eligible	<p>The individual has been assessed and determined to be eligible for Tier 2 BH HCBS (which includes all Tier 1 services listed under H2, plus habilitation).</p>

		The individual must maintain enrollment in a HARP or HIV SNP for BH HCBS eligibility.
H4	HIV SNP BH High-Risk	H4 indicates the individual was enrolled in a HIV SNP at the time they met BH High-Risk criteria. BH HCBS and CORE Services are available to all BH High-Risk HIV-SNP enrollees.
H5	HIV SNP, Tier 1 BH HCBS Eligible	The individual has been assessed and determined to be eligible for Tier 1 BH HCBS (employment supports and education support) while enrolled in a HIV SNP. The individual must maintain enrollment in a HARP or HIV SNP for BH HCBS eligibility.
H6	HIV SNP, Tier 2 BH HCBS Eligible	The individual has been assessed and determined to be eligible for Tier 2 BH HCBS (which includes all Tier 1 services listed under H2, plus habilitation) while enrolled in a HIV SNP. The individual must maintain enrollment in a HARP or HIV SNP for BH HCBS eligibility.

H codes co-exist and function independently from one another.
