

Buffalo Psychiatric Center
Regional Advisory Committee Input
August 27, 2012

- 1) Inequality of service due to Mental Health Condition in the Emergency Room, Mental Health is treated while physical condition is ignored.
- 2) Inadequate discharge planning/follow-up/or review of previous discharge plans
- 3) More wellness centers and available alternatives
- 4) Certification program or recognition of certification for New York State.
- 5) Peer Run Respite Program
- 6) Prevention/intervention service to avoid need for crisis services
- 7) Critical Time Intervention, expansion of availability
- 8) Availability of services and assistance and linkage prior to release from jails and institutions.
- 9) Funding for privatized transportation for non-emergency services.
