Transforming New York's Mental Health System

Overview

New York is leading the way in making mental health care more accessible for everyone. Funded through a historic \$1 billion investment, the state is helping New Yorkers of all ages get the mental health care they need when and where they need it. As part of an overall effort to improve wellness, the state is strengthening key areas of its system of care.

This public-facing Tableau displays how OMH is spending the \$1 Billion investment in NYS Public Mental Health System. The Tableau can be accessed using the following link:

Apartment Treatment Housing for Adults with Serious Mental Illness

OMH is committed to investing in community-based services that reduce the demand for psychiatric hospitalization and long lengths of stay in inpatient settings. Based on the need for additional residential opportunities to support this mission, we are announcing this Request for Proposals (RFP) for the development and operation of up to 450 Treatment Apartment Program (TAP) housing units statewide.

Attention

UPDATE 07/12/2023

Appendix B1- Budget Narrative has been added to this webpage as the link in the Grants Gateway is not working. Please use this template to answer program specific question 6c in the Grants Gateway.

UPDATE 07/25/2023

The Unit Distribution by County for Treatment Apartment RFP document posted on this webpage has been revised to match the one posted in the Grants Gateway.

UPDATE 08/04/2023

The answer to Q47 in the Q&A is incorrect, the workplan section of the Grants Gateway, while not scored, is required to be completed with the application. The objectives are not state defined, they are grantee defined.

Note: Amount awarded includes the start-up, capital, and operating funding. These amounts are sourced from original budget and are subject to change. Capital funding associated with housing RFP/As are estimated and subject to change.
