### [Online Records and Publications](#)

The Office of Mental Health (OMH) has a number of publications available. The listing below is the publications that can be downloaded and printed from the Internet. There are also some publications available for a fee. For a list, call the Design Center at (518) 473-3574.

#### **Booklets/Illness Information**

- **Anxiety Disorders**  
A booklet to help you identify the symptoms and causes of anxiety disorders. It will also explain how to obtain treatment and suggest ways to make such treatment more effective.
- **Attention Deficit Hyperactivity Disorder**  
A variety of medications, behavior-changing therapies, and educational options are available to help people with ADHD focus their attention, build self-esteem, and function in new ways.
- **Bipolar Disorder**  
Bipolar disorder, also known as manic-depressive illness, is a brain disorder that causes unusual shifts in a person's mood, energy, and ability to function. Bipolar disorder can be treated, and people with this illness can lead full and productive lives.
- **Depression**  
Depressive illnesses often interfere with normal functioning and cause pain and suffering not only to those who have the disorder, but also to those who care about them. There are now medications and psychosocial therapies that ease the pain of depression.
- **Eating Disorders**  
Facts about eating disorders and the search for solutions.
- **Medications**  
A booklet to help people with mental illness and their families understand how and why medications can be used as part of the treatment of mental health problems.
- **Post-Traumatic Stress Disorder**  
Post-Traumatic Stress Disorder is a normal reaction to seriously disturbing events. This booklet examines the signs, symptoms and steps you can take to treat PTSD.
- **Schizophrenia** is a chronic, severe, and disabling brain disease. However, this is a time of hope for people with schizophrenia and their families. Research is gradually leading to new and safer medications and unraveling the complex causes of the disease.

## **Guidance Documents**

The Office of Mental Health makes available, through this page, the full text of all guidance documents on which the agency currently relies. As defined in section 202-e of the State Administrative Procedure Act, a guidance document is any guideline, memorandum or similar document, prepared by an agency, that provides general information or guidance to assist regulated parties in complying with any statute, rule or other legal requirement. The term does not include documents that concern only the internal management of the agency, such as a policy that applies only to an OMH operated facility or program.
