

Individuals granted the PSYCKES-Medicaid role in the Security Management System (SMS) will be assigned an:

1. OMH user ID and;
2. RSA SecurID security token; there are two types of security tokens — a physical “hard” token and a software “soft” token”.

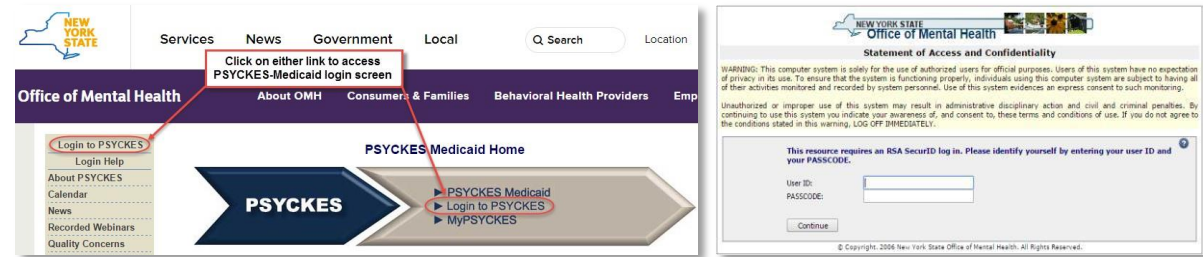

The user can then use the steps outlined below to login to PSYCKES-Medicaid.

1 Go to the PSYCKES website:

<https://psyckesmedicaid.omh.ny.gov/>

2 Click on the “Log into PSYCKES” link(s) on the homepage

3 When the PSYCKES-Medicaid login page appears, enter your OMH-issued user ID and passcode. The passcode requires a security token; use the table below as a guide to determine your passcode, depending on the type of security token you have and whether or not it is the first time you are logging in.

	Physical “hard” token	Software “soft” token”
	 (looks like a keychain)	 (computer-based)
How to find token	Contact the OMH-Helpdesk to verify delivery status	<i>If installed:</i> Search computer for “RSA SecurID Token” software. <i>If not installed:</i> Search inbox to locate token email and installation instructions sent from OMH Security at this address: its.sm.bhp.bs.omh.sao@its.ny.gov .
