

Substance Abuse and Mental Health Services Administration Mental Health Block Grant

The New York State Office of Mental Health annually receives a SAMHSA Community Mental Health Services Block Grant for mental health services. The Block Grant is a source of flexible funding to address the needs of the New York State mental health population. The Block Grant is distributed to ten counties which use these funds to address the needs of their community for which there are no other funding sources.

New York State OMH's Block Grant application to receive these funds is due to the federal government on September 1, 2021. You are invited to review and comment on this year's Block Grant application.
