1. Introduction And Background

1.1 Purpose of the Request for Proposal

The New York State Office of Mental Health (OMH) is committed to investing in community-based services that will reduce the demand for psychiatric hospitalization and long lengths of stay in inpatient settings. Based on the need for congregate housing opportunities to support this mission, OMH is announcing the Reallocation of a Community Residence (CR) in Oneida County Request for Proposals (RFP) for the redevelopment and operation of an eight (8) unit program for individuals recovering from a serious mental illness (SMI). All housing units target adults with serious mental illness or who have a co-occurring substance use disorder.

OMH intends to fund a project that can demonstrate an ability to provide the appropriate need-based CR Housing services and will be able to complete the capital project in a timely manner. The awardee will need to identify a new site for the CR. Both capital funding for the development of the project and operating funding will be available to the selected applicant. Capital project costs will be developed by the selected applicant and the OMH Bureau of Housing Development and Support after further analysis of the project. Capital funding will be subject to approval by the New York State Division of the Budget (DOB) and Office of the State Comptroller (OSC). Agencies who do not require capital may apply for operating funding only.

Notice: Notification of intent to apply should be made to the Local Governmental Unit (county director of community services) for each county to be served under the program application, as defined in Section 41 of the New York State Mental Hygiene Law.

1.2 Target Population/Eligibility Criteria

The target population is individuals with a serious mental illness and/or co-occurring disorder of substance abuse who meet one of the following criteria:

- Individuals who are being discharged from State-operated Psychiatric Centers (PC's) or State-operated residential programs,
- Individuals who are being discharged from an Article 28 hospital or Article 31 hospital and in need of Community Residence housing or for whom housing would assist in a diversion from a State PC,
- Individuals residing in New York State who have a serious mental illness and are high users of Medicaid Services and referred by Health Homes,
- Individuals experiencing street homelessness and those in temporary shelter settings,
- Individuals residing in other OMH licensed or funded housing who are determined to need a Community Residence level of care.
- Individuals, 18 years or older, with a serious mental illness who are being discharged from a Residential Treatment Facility.

New York State Office of Mental Health (OMH)

It is the expectation that at least 50% of referrals should come from state psychiatric centers, where appropriate referrals exist.

Please note that within these target population groups, individuals with an Assisted Outpatient Treatment (AOT) order must receive priority access.

2. Proposal Submissions

OMH has assigned an Issuing Officer for this project. To avoid being deemed non-responsive, an applicant is restricted from making contact with any other personnel of OMH regarding the RFP. Certain findings of non-responsibility can result in rejection for a contract award. The Issuing Officer for this RFP is:

2.7 Disqualification Factors

Following the opening of bids, a preliminary review of all proposals will be conducted by the Issuing Officer or a designee to review each proposal’s submission for completeness and verify that all eligibility criteria have been met. Additionally, during the proposal evaluation process, evaluators will also be reviewing eligibility criteria and confirming that they have been met. During the course of either of these review processes, proposals that do not meet basic participation standards will be disqualified, specifically:

- Proposals from applicants that do not meet the eligibility criteria as outlined in 2.4; or
- Proposals that do not comply with bid submission and/or required format instructions as specified in 2.9 or
- Proposals from eligible not-for-profit applicants who have not completed Vendor Prequalification, as described in 2.8, by 2:00 PM EST on the Proposal Due Date posted in section 2.2.

2.8 SFS Prequalification Requirement

Pursuant to the New York State Division of Budget Bulletin H-1032, dated June 7, 2013, New York State has instituted key reform initiatives to the grant contract process which require not-for-profits to be Prequalified in order for proposals to be evaluated and any resulting contracts executed.

Proposals received from eligible not-for-profit applicants who have not been Prequalified by the proposal due date of 2:00 PM EST on the Proposal Due Date posted in section 2.2 will not be able to submit their bid response through SFS.

Please do not delay in beginning and completing the prequalification process. The State reserves five (5) days to review submitted prequalification applications. Prequalification applications submitted to the State for review less than 5 days prior to the RFP due date and time may not be considered. Applicants should not assume their prequalification information will be reviewed if they do not adhere to this timeframe.

NOTE: All applications must be submitted through the Statewide Financial System (SFS). No applications will be accepted electronically, US Postal Service, express mail delivery service or hand delivered.

Protests based on errors or omissions in the solicitation process, which are or should have been apparent prior to the deadline for receipt of all written questions for this RFP, must be filed prior to the deadline for questions. In the event an applicant files a timely protest based on error or omission in the solicitation process, the Commissioner of OMH or their designee will review such protest and may, as appropriate, issue a written response or addendum to the RFP to be posted on the OMH website in the RFP section. 3.4 Term of Contracts

The contracts awarded in response to this RFP will be for a five-year term. OMH reserves the right to modify the first period of the contract to coincide with the applicable fiscal period. For New York City contracts, the fiscal period is July 1 through June 30 of each year. Selected applicants awarded a contract under this RFP will be required to adhere to all terms and conditions in OMH's Contract for Grants.

3.5 Minority and Women Owned Business Enterprises

OMH recognizes its obligation to promote opportunities for maximum feasible participation of certified minority and women-owned business enterprises (MWBES) and the employment of minority group members and women in the performance of OMH

New York State Office of Mental Health (OMH)

contracts. OMH expects that all contactors make a good-faith effort to utilize Minority and/or Women Owned Business Enterprises (M/WBE), on any award resulting from this solicitation in excess of \$25,000 for commodities and services or \$100,000 for construction.

With respect to MWBEs, each award recipient must document its good faith efforts to provide meaningful opportunities for participation by MWBEs as subcontractors and suppliers in the performance of the project to be described in each grant disbursement agreement and must agree that OMH may withhold payment pending receipt of the required MWBE documentation. The directory of MWBEs can be viewed at <https://ny.newnycontracts.com>. For guidance on how OMH will determine a contractor's "good faith efforts", refer to 5 NYCRR §142.8.

In accordance with 5 NYCRR § 142.13, each award recipient acknowledges that if it is found to have willfully and intentionally failed to comply with the MWBE participation goals set forth herein and in its grant disbursement agreements, such finding constitutes a breach of contract and OMH may withhold payment from the award recipient as liquidated damages.

Such liquidated damages shall be calculated as an amount equaling the difference between: (1) all sums identified for payment to MWBEs had the award recipient achieved the contractual MWBE goals; and (2) all sums paid to MWBEs for work performed or material supplied under the grant disbursement agreement.

By applying, an Applicant agrees to demonstrate its good faith efforts to achieve its goals for the utilization of MWBEs by submitting evidence thereof in such form as OMH shall require. Additionally, an Applicant may be required to submit the following documents and information as evidence of compliance with the foregoing:

- A. An MWBE Utilization Plan, which shall be submitted in conjunction with the execution of the grant disbursement agreement except as otherwise authorized by OMH. Any modifications or changes to the MWBE Utilization Plan after the execution of the grant disbursement agreement must be reported on a revised MWBE Utilization Plan and submitted to OMH.

OMH will review the submitted MWBE Utilization Plan and advise the award recipient of OMH acceptance or issue a notice of deficiency within 30 days of receipt.

- B. If a notice of deficiency is issued, the award recipient will be required to respond to the notice of deficiency within seven (7) business days of receipt by submitting to OMH, a written remedy in response to the notice of deficiency. If the written remedy that is submitted is not timely or is found by OMH to be inadequate, OMH shall notify the award recipient and direct the award recipient to submit within five (5) business days, a request for a partial or total waiver of MWBE participation goals. Failure to file the waiver form in a timely manner may be grounds for disqualification of the bid or proposal.

OMH may refuse to enter into a grant disbursement agreement, or terminate an

New York State Office of Mental Health (OMH)

existing grant disbursement agreement resulting from this solicitation, under the following circumstances:

- i. If an award recipient fails to submit a MWBE Utilization Plan;
- ii. If an award recipient fails to submit a written remedy to a notice of deficiency;
- iii. If an award recipient fails to submit a request for waiver; or,
- iv. If OMH determines that the award recipient has failed to document good faith efforts

The award recipient will be required to attempt to utilize, in good faith, any MBE or WBE identified within its MWBE Utilization Plan, during the performance of the project. Requests for a partial or total waiver of established goal requirements may be made at any time during the term of the project, but must be made no later than prior to the submission of a request for final payment under the grant disbursement agreement.

Each award recipient will be required to submit a Quarterly MWBE Contractor Compliance & Payment Report to OMH over the term of the project, in such form and at such time as OMH shall require, documenting the progress made toward achievement of the MWBE goals established for the project.

3.6 Participation Opportunities for New York State Certified Service-Disabled Veteran Owned Business

Article 17-B of the New York State Executive Law provides for more meaningful participation in public procurement by certified Service-Disabled Veteran-Owned Business (SDVOB), thereby further integrating such businesses into New York State's economy. OMH recognizes the need to promote the employment of service-disabled veterans and to ensure that certified service-disabled veteran-owned businesses have opportunities for maximum feasible participation in the performance of OMH contracts.

In recognition of the service and sacrifices made by service-disabled veterans and in recognition of their economic activity in doing business in New York State, applicants are expected to consider SDVOBs in the fulfillment of the requirements of the Contract. Such participation may be as subcontractors or suppliers, as proteges, or in other partnering or supporting roles.

OMH hereby establishes an overall goal of 0% for SDVOB participation, based on the current availability of qualified SDVOBs. For purposes of providing meaningful participation by SDVOBs, the Applicant/Contractor would reference the directory of New York State Certified SDVOBs found at <https://ogs.ny.gov/Veterans>. Additionally, following any resulting Contract execution, Contractor would be encouraged to contact the Office of General Services' Division of Service-Disabled Veterans' Business Development to discuss additional methods of maximizing participation by SDVOBs on the Contract.

It would be required that "good faith efforts" to provide meaningful participation by SDVOBs as subcontractors or suppliers in the performance of a resulting awarded

Contract as documented.

3.7 Equal Opportunity Employment

By submission of a bid or proposal in response to this solicitation, the Applicant/Contractor agrees with all terms and conditions of Contract for Grants, Section IV(J) – Standard Clauses for All New York State Contracts including Clause 12 – Equal Employment Opportunities for Minorities and Women. The Contractor is required to ensure that it and any subcontractors awarded a subcontract over \$25,000 for the construction, demolition, replacement, major repair, renovation, planning or design of real property and improvements thereon (the “Work”), except where the Work is for the beneficial use of the Contractor, undertake or continue programs to ensure that minority group members and women are afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status. For these purposes, equal opportunity shall apply in the areas of recruitment, employment, job assignment, promotion, upgrading, demotion, transfer, layoff, termination, and rates of pay or other forms of compensation. This requirement does not apply to (i) work, goods, or services unrelated to the Contract; or (ii) employment outside New York State.

The Applicant will be required to submit a Minority and Women-Owned Business Enterprises and Equal Opportunity Policy Statement, to the State Contracting Agency with their bid or proposal. To ensure compliance with this Section, the Applicant will be required to submit with the bid or proposal an Equal Opportunity Staffing Plan (Form # to be supplied during contracting process) identifying the anticipated work force to be utilized on the Contract. If awarded a Contract, Contractor shall submit a Workforce Utilization Report, in such format as shall be required by the Contracting State Agency on a monthly or quarterly basis during the term of the contract. Further, pursuant to Article 15 of the Executive Law (the “Human Rights Law”), all other State and Federal statutory and constitutional and non-discrimination provisions, the Contractor and sub-contractors will not discriminate against any employee or applicant for employment status because of race, creed (religion), color, sex, national origin, sexual orientation, military status, age, disability, predisposing genetic characteristic, marital status, or domestic violence victim status, and shall also follow the requirements of the Human Rights Law with regard to non-discrimination on the basis of prior criminal conviction and prior arrest. Please Note: Failure to comply with the foregoing requirements may result in a finding of non-responsiveness, non-responsibility and/or a breach of the Contract, leading to the withholding of funds, suspension or termination of the Contract or such other actions or enforcement proceedings as allowed by the Contract.

3.8 Sexual Harassment Prevention Certification

State Finance Law §139-I requires applicants on state procurements to certify that they have a written policy addressing sexual harassment prevention in the workplace and provide annual sexual harassment training (that meets the Department of Labor’s model policy and training standards) to all its employees. Bids that do not contain the certification may not be considered for award; provided however, that if the applicant

New York State Office of Mental Health (OMH)

cannot make the certification, the applicant may provide a statement with their bid detailing the reasons why the certification cannot be made. A template certification document is being provided as part of this RFP. Applicants must complete and return the certification with their bid or provide a statement detailing why the certification cannot be made.

3.9 Gender-Based Violence and the Workplace Certification

State Finance Law §139-m requires all vendors bidding on state contracts to implement and attest to a Gender-Based Violence and the Workplace policy. Applicants on state procurements must certify that they have a written policy addressing gender-based violence and the workplace that meets the minimum requirements of State Finance Law §139-m. Bids that do not contain the certification may not be considered for award; provided however, that if the applicant cannot make the certification, the applicant may provide a statement with their bid detailing the reasons why the certification cannot be made. A template certification document is being provided as part of this RFP. Applicants must complete and return the certification with their bid or provide a statement detailing why the certification cannot be made.

3.10 Bid Response

A bid, in order to be responsive to this solicitation, must satisfy the specifications set forth in this RFP. A detailed description of this format and content requirements is presented in Section 2.9 of this RFP.

3.12 Freedom of Information Requirements

All proposals submitted for OMH's consideration will be held in confidence. However, the resulting contract is subject to New York State Freedom of Information Law (FOIL). Therefore, if an applicant believes that any information in its bid constitutes a trade secret or should otherwise be treated as confidential and wishes such information not be disclosed if requested, pursuant to FOIL (Article 6 of Public Officer's Law), the applicant must submit with its bid, a separate letter specifically identifying the page number(s), line(s), or other appropriate designation(s) containing such information explaining in detail why such information is a trade secret and formally requesting that such information be kept confidential. Failure by an applicant to submit such a letter with its bid identifying trade secrets will constitute a waiver by the applicant of any rights it may have under Section 89(5) of the Public Officers Law relating to the protection of trade secrets. The proprietary nature of the information designated confidential by the applicant may be subject to disclosure if ordered by a court of competent jurisdiction. A request that an entire bid be kept confidential is not advisable since a bid cannot reasonably consist of all data subject to a FOIL proprietary status.

New York State Office of Mental Health (OMH)

OMH policies, procedures, regulations and directives throughout the Term of the contract.

4. Evaluation Factors and Awards

4.1 Evaluation Criteria

All proposals will be rated and ranked in order of highest score based on an evaluation of each applicant's written submission. **Please note that there are restrictions to the type, size and naming conventions of the files and attachments uploaded in SFS. For more information, please review the SFS Attachment Guide [here](#). Failure to comply with these guidelines may result in attachments not being viewable to reviewers.**

The Evaluation will apply points in the following categories as defined in Section 6:

Technical Evaluation	Points
Notification to LGU	1
Population	19
Description of Program	26
Implementation and Timeline	10
Agency Performance	14
Diversity, Equity and Inclusion and Peer Support Language	10
Financial Assessment	20
Total Proposal Points	100 Points

For a detailed description of evaluation criteria for the Technical Evaluation and the Financial Assessment components, see Section 6 (Proposal Narrative).

4.2 Method for Evaluating Proposals

Designated staff will review each proposal for completeness and verify that all eligibility criteria are met. A complete proposal shall include all required components as described in Section 2.9. If a proposal is not complete or does not meet the basic eligibility and participation standards as outlined in Section 2.4, the proposal will be eliminated from further review. The agency will be notified of the rejection of its proposal within 10 working days of the proposal due date.

Proposals will be conducted in two parts: Technical Evaluation and Financial Assessment. The technical evaluation committee, consisting of at least three evaluators, will review the technical portion of each proposal and compute a technical score. A financial score will be computed separately based on the operating budget and budget narrative submitted.

Evaluators of the Technical Evaluation component may then meet to discuss the basis of those ratings. Following the discussion, evaluators may independently revise their original score in any section. Once completed, final Technical Evaluation scores will then be recalculated, averaged, and applied to the final Financial Assessment score to arrive at final scores.

Any proposal not receiving a minimum score of 70 will be eliminated from consideration.

New York State Office of Mental Health (OMH)

In case of a tie in the scoring process, the proposal with the highest score on the Description of Program (Section 6.3) of the Proposal Narrative will be ranked higher.

4.3 Process for Awarding Contracts

4.3.1 Initial Awards and Allocations

Proposals will be ranked, and one (1) award made to the applicant with the highest score to reestablish the operation of an eight (8) unit Community Residence in Oneida County.

4.4 Contract Termination and Reassignment

There are a number of factors that may result in the contract being reassigned. This includes, but is not limited to, failure to obtain licensure for the program, secure OSC approval, and operate the program in accordance with the terms outlined in the RFP. A contractor will be provided notification if there is need for reassignment.

To reassign the contract, OMH will go to the next highest ranked proposal. If there are no agencies left with a passing score, OMH will go to the top of the list and work its way down the list to reassign the contract.

4.5 Award Notification

At the conclusion of the procurement, notification will be sent to successful and non-successful applicants. All awards are subject to approval by the NYS Attorney General and the Office of the State Comptroller before an operating contract can be finalized.

5. Scope of Work

5.1 Introduction

The Local Governmental Unit (LGU), Director of Community Service (DCS)/Mental Health Commissioner has a statutory authority and responsibility for oversight and cross-system management of the local mental hygiene system to meet the needs of individuals and families affected by mental illness, substance use disorder and/or intellectual/developmental disability in their communities. LGU collaboration is a vital part of the work of Community Residence. Applicants should notify the LGU(s) of their intent to apply.

This RFP is issued to reestablish the operation of a licensed Community Residence which provides housing and restorative services for 8 individuals in Oneida County with a serious mental illness and/or co-occurring disorder of substance abuse who meet the criteria outlined above in Section 1.2.

The selected agency will receive eligible applicants through the Housing SPOA. It is expected that the agency will maintain a low barrier admission policy and promote a rapid transition to housing. Agency admissions policies should be designed to screen in applicants with the greatest need and must not place an undue burden on the referring entity or recipient. Communication between parties should promote a collaborative relationship in order to facilitate admission to the program. Requirements such as sobriety or community tenure must not impact acceptance. Once accepted the agency will work

New York State Office of Mental Health (OMH)

with the individual and referring entity to develop a coordinated admission plan to ensure a successful transition and “warm hand off”.

The agency selected to reestablish this program must be experienced in providing person-centered services to individuals with mental illness and maintaining linkages to other services in the community. The on-site services should reflect evidence-based practices that promote wellness and recovery and be consistent with OMH's commitment to disparities elimination and cultural competence. They should be geared to help residents maintain physical and emotional health, participate in therapeutic and rehabilitative programs, assist with educational and employment opportunities, sustain healthy relationships, and generally improve the quality of their lives. Staff should have the skills and experience necessary to help residents set meaningful goals, develop mastery over their psychiatric illness, and make progress towards their own personal recovery. Supports for individuals with co-occurring substance abuse disorders should also be provided.

Information on evidence-based practices can be found on the Internet at:

<https://www.samhsa.gov/resource/ebp/integrated-treatment-co-occurring-disorders-evidence-based-practices-ebp-kit>

The CR model will be required to adhere to Section 41.34 of the Mental Hygiene Law that outlines the community notification required for residential facilities. Section 41.34 can be found at:

<https://newyork.public.law/laws/n.y. mental hygiene law section 41.34>

The CR is licensed under Part 595 of Title 14 of the Codes, Rules and Regulations of New York State. The full text of Part 595 is available on the Internet here:

<https://www.law.cornell.edu/regulations/new-york/title-14/chapter-XIII/part-595>. Upon beginning construction, the awardee will be required to submit a "Prior Approval Review" (PAR) Application as part of the development process, which is available on the Internet at: <https://omh.ny.gov/omhweb/par/omh165.pdf>.

A CR is considered extended stay housing; however, it is OMH's expectation that individuals will eventually move to more independent housing. Therefore, providers will be required to assist residents to gain skills necessary for the transition to permanent housing.

5.2 Objectives and Responsibilities

The awarded vendor(s) will be expected to meet the objectives and responsibilities listed below. These will form the basis for the scope of work and contract deliverables when an award is made.

- A. Programs will be required to maintain accurate reporting and case records according to Regulation and Program Guidance.
- B. OMH providers are expected to ensure continuous quality improvement of services, including regular monitoring and evaluation of outcomes. To support these efforts, it is expected that providers have a quality, supervisory, operational and IT / data infrastructure to routinely self-monitor and ensure ongoing quality improvement of

New York State Office of Mental Health (OMH)

services, including analyzing utilization review findings and recommendations.

- C. It is also expected that providers will routinely submit data to OMH, including client-identified data, quality and program data. Data submission requirements and guidance will be provided by OMH.

5.3 Operating Funding

Ongoing funding to support the operation of the supervised congregate treatment units will be provided by a combination of SSI and Medicaid funding, consistent with the OMH fiscal model for the supervised congregate treatment residential program. Each agency's current programmatic structure will determine specific funding amounts. Site specific property costs for the new supervised congregate treatment beds will also be incorporated into the successful applicant's Gross, Income, and Net (GIN) fiscal model and paid for with SSI revenue and state-aid in the event the GIN model's anticipated SSI revenue is not adequate to cover 100% of the expense.

In addition, Program Development Grant (PDG) funds are available as part of this contract to assist with establishing these supervised congregate treatment units. PDG funding will be based on the most current rate at the time of opening, which is currently \$9,929 per bed.

County	Region	Region Type	Units	MA Revenue (Per Bed)*	SSI Revenue (Per Bed)	Total Revenue (Per Bed)**
Oneida	Central	Upstate	8	\$66,740	\$12,517	\$79,257

*Medicaid revenue per bed may vary due to existing Community Residence programs on applicant's Gross, Income, and Net (GIN) fiscal model.

**Site specific property costs for the new congregate treatment beds will also be incorporated into the successful applicant's Gross, Income, and Net (GIN) fiscal model and paid for with SSI revenue and state-aid in the event the GIN model's anticipated SSI revenue is not adequate to cover 100% of the expense.

5.4 Capital Funding

OMH Capital funding is available for property acquisition, construction and/or rehabilitation, subject to the approval of the NYS Division of the Budget. OMH reserves the right to limit funds for property acquisition up to the appraised value of the property and to determine appropriate per bed and per square foot costs for construction.

OMH will provide technical assistance as well as coordinate the request of necessary studies including appraisals and architectural feasibility reports to evaluate a potential site.

OMH's capital includes the advance of State Grant Funds during construction, which will be taken out by a municipal tax-exempt bond sale or private mortgage. Debt service payments for this mortgage will be paid on behalf of the Provider as an extension and in

addition to the operating funding for the program. Agencies who do not require capital may apply for operating funding only.

6. Proposal Narrative

Please note that there are restrictions to the type, size and naming conventions of the files and attachments uploaded in SFS. For more information, please review the SFS Attachment Guide [here](#). Failure to comply with these guidelines may result in attachments not being viewable to reviewers.

A proposal template is provided in the “Event Comments and Attachments” section of SFS and MUST be used to answer the following questions.
