New York State Office of Mental Health (OMH)

1. Introduction And Background

1.1 Purpose of the Request for Proposal

The New York State Office of Mental Health (OMH) through its Suicide Prevention Center of New York (OMH SPCNY) is pleased to announce the availability of funds dedicated to the implementation of Sources of Strength, a suicide prevention program, in New York State high schools (grade 9-12).

According to the Centers for Disease Control and Prevention, suicide is the second leading cause of death for adolescent children, and the suicide rate for youth (ages 10-24) has increased 47% and 44% in the United States and New York State, respectively, over the last two decades. The mission of OMH SPCNY is to promote, coordinate, and strategically advance suicide prevention with the aim of reducing suicide attempts and deaths among New Yorkers. That mission is advanced in part through supporting increased use of evidence-based programs, such as Sources of Strength.

Sources of Strength is a nationally recognized upstream suicide prevention program that has been supported by OMH since 2010 and occupies an important place in the state's broader effort to support resiliency and prevent suicide among youth. Sources of Strength is a universal school-based suicide prevention program designed to build protective influences across a defined adolescent population and reduce the likelihood that vulnerable youth die by suicide. The program trains students as peer leaders and connects them with mentoring adult advisors at school and in the community. Advisors support the peer leaders in conducting well-defined messaging activities that aim to change peer group norms influencing coping practices and problem solving. The program is strength-based and promotes critical protective factors that are linked to overall psychological wellness and reduced suicide risk.

Sources of Strength trains diverse secondary school students (peer leaders) to conduct prevention activities through direct personal contacts and presentations/media designed to promote healthy coping norms and youth-adult connectedness, including help seeking for distress and suicide concerns (i.e. protective factors linked to reduce risk of suicide). Program components include (1) orienting school leadership with an overview of the Sources of Strength program, including keys to successful implementation, (2) developing clear protocols to ensure safety of students identified as suicidal, which includes referrals for mental health evaluations, (3) increasing school staff members' preparation through training, which includes knowledge of their role in the Sources of Strength program, as well as knowledge of their school protocol and procedures for responding to students in life threatening crisis. The Adult Advisor training is provided to school staff, identified as supported by school administration, to serve as adult advisors, to facilitate and support peer leader teams in conducting Sources of Strength activities. (4) Youth are engaged through careful selection and training of peer leaders from diverse student groups, using the Sources of Strength curriculum. Trained Peer Leaders are then supported by the Adult Advisors in planning and executing campaigns aimed at strengthening protective factors like family support, positive friendships, and mentoring. The number of Peer Leaders and Adult Advisors trained in each school will vary by school size.

The organization awarded this RFP will be responsible for onboarding new schools statewide into Sources of Strength by providing both Adult Advisor and Peer Leader trainings conducted by a certified Sources of Strength trainer. In addition, the organization would maintain ongoing technical assistance and support for schools that have completed their initial Sources of Strength training within the previous three years. By the third year of support, offboarding must be offered to help schools build the capacity needed to sustain the program independently. The awardee shall train peer

New York State Office of Mental Health (OMH)

leaders to initiate and conduct a series of systematic peer-to-peer prevention activities under the supervision of trained adult advisors. Messaging activities are to directly target and modify the help-seeking attitudes and behaviors of youths throughout each school, so that students are better able to manage distress, including anxiety, depression, and stress, and draw on positive coping resources including capable adults in their community. The organization shall report these activities to OMH on a regular frequency in the form of a report.

1.2 Target Population/Eligibility Criteria

This RFP is a request for an agency to deliver the Sources of Strength trainings to high schools in New York State. Delivering the Sources of Strength Program is an important part of a broader suicide prevention effort by New York State targeting youth.

Please do not delay in beginning and completing the prequalification process. The State reserves five (5) days to review submitted prequalification applications. Prequalification applications submitted to the State for review less than 5 days prior to the RFP due date and time may not be considered. Applicants should not assume their prequalification information will be reviewed if they do not adhere to this timeframe.

3.4 Term of Contracts

The contract awarded in response to this RFP will be for a five-year term. OMH reserves the right to modify the first period of the contract to coincide with the applicable fiscal period. For New York City contracts, the fiscal period is July 1 through June 30 of each year. Selected applicants awarded a contract under this RFP will be required to adhere to all terms and conditions in OMH's Contract for Grants.

3.5 Minority and Women Owned Business Enterprises

OMH recognizes its obligation to promote opportunities for maximum feasible participation of certified minority and women-owned business enterprises (MWBES) and the employment of minority group members and women in the performance of OMH contracts. OMH expects that all contactors make a good-faith effort to utilize Minority and/or Women Owned Business Enterprises (M/WBE), on any award resulting from this solicitation in excess of \$25,000 for commodities and services or \$100,000 for construction.

With respect to MWBEs, each award recipient must document its good faith efforts to provide meaningful opportunities for participation by MWBEs as subcontractors and suppliers in the performance of the project to be described in each grant disbursement agreement, and must agree that OMH may withhold payment pending receipt of the required MWBE documentation. The directory of MWBEs can be viewed at <https://ny.newnycontracts.com>. For guidance on how OMH will determine a contractor's "good faith efforts", refer to 5 NYCRR §142.8.

In accordance with 5 NYCRR § 142.13, each award recipient acknowledges that if it is found to have willfully and intentionally failed to comply with the MWBE participation goals set forth herein and in its grant disbursement agreements, such finding constitutes a breach of contract and OMH may withhold payment from the award recipient as liquidated damages.

Such liquidated damages shall be calculated as an amount equaling the difference between: (1) all sums identified for payment to MWBEs had the award recipient achieved the contractual MWBE goals; and (2) all sums paid to MWBEs for work performed or material supplied under the grant disbursement agreement.

By applying, an Applicant agrees to demonstrate its good faith efforts to achieve its goals for the utilization of MWBEs by submitting evidence thereof in such form as OMH shall require. Additionally, an Applicant may be required to submit the following documents and information as evidence of compliance with the foregoing:

- A. An MWBE Utilization Plan, which shall be submitted in conjunction with the execution of the grant disbursement agreement except as otherwise authorized by OMH. Any modifications or changes to the MWBE Utilization Plan after the

New York State Office of Mental Health (OMH)

execution of the grant disbursement agreement must be reported on a revised MWBE Utilization Plan and submitted to OMH.

OMH will review the submitted MWBE Utilization Plan and advise the award recipient of OMH acceptance or issue a notice of deficiency within 30 days of receipt.

- B. If a notice of deficiency is issued, the award recipient will be required to respond to the notice of deficiency within seven (7) business days of receipt by submitting to OMH, a written remedy in response to the notice of deficiency. If the written remedy that is submitted is not timely or is found by OMH to be inadequate, OMH shall notify the award recipient and direct the award recipient to submit within five (5) business days, a request for a partial or total waiver of MWBE participation goals. Failure to file the waiver form in a timely manner may be grounds for disqualification of the bid or proposal.

OMH may refuse to enter into a grant disbursement agreement, or terminate an existing grant disbursement agreement resulting from this solicitation, under the following circumstances:

- i. If an award recipient fails to submit a MWBE Utilization Plan;
- ii. If an award recipient fails to submit a written remedy to a notice of deficiency;
- iii. If an award recipient fails to submit a request for waiver; or,
- iv. If OMH determines that the award recipient has failed to document good faith efforts

The award recipient will be required to attempt to utilize, in good faith, any MBE or WBE identified within its MWBE Utilization Plan, during the performance of the project. Requests for a partial or total waiver of established goal requirements may be made at any time during the term of the project, but must be made no later than prior to the submission of a request for final payment under the grant disbursement agreement.

Each award recipient will be required to submit a Quarterly MWBE Contractor Compliance & Payment Report to OMH over the term of the project, in such form and at such time as OMH shall require, documenting the progress made toward achievement of the MWBE goals established for the project.

3.6 Participation Opportunities for New York State Certified Service-Disabled Veteran Owned Business

Article 17-B of the New York State Executive Law provides for more meaningful participation in public procurement by certified Service-Disabled Veteran-Owned Business (SDVOB), thereby further integrating such businesses into New York State's economy. OMH recognizes the need to promote the employment of service-disabled

New York State Office of Mental Health (OMH)

veterans and to ensure that certified service-disabled veteran-owned businesses have opportunities for maximum feasible participation in the performance of OMH contracts.

In recognition of the service and sacrifices made by service-disabled veterans and in recognition of their economic activity in doing business in New York State, applicants are expected to consider SDVOBs in the fulfillment of the requirements of the Contract. Such participation may be as subcontractors or suppliers, as proteges, or in other partnering or supporting roles.

With respect to SDVOBs, each award recipient must document its good faith efforts to provide meaningful opportunities for participation by SDVOBs as subcontractors and suppliers in the performance of the project to be described in each grant disbursement agreement, and must agree that OMH may withhold payment pending receipt of the required SDVOB documentation. For purposes of providing meaningful participation by SDVOBs, the Applicant/Contractor would reference the directory of New York State Certified SDVOBs found at <https://ogs.ny.gov/Veterans>. Additionally, following any resulting Contract execution, Contractor would be encouraged to contact the Office of General Services' Division of Service-Disabled Veterans' Business Development to discuss additional methods of maximizing participation by SDVOBs on the Contract.

3.7 Equal Opportunity Employment

By submission of a bid or proposal in response to this solicitation, the Applicant/Contractor agrees with all terms and conditions of Contract for Grants, Section IV(J) – Standard Clauses for All New York State Contracts including Clause 12 – Equal Employment Opportunities for Minorities and Women. The Contractor is required to ensure that it and any subcontractors awarded a subcontract over \$25,000 for the construction, demolition, replacement, major repair, renovation, planning or design of real property and improvements thereon (the "Work"), except where the Work is for the beneficial use of the Contractor, undertake or continue programs to ensure that minority group members and women are afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status. For these purposes, equal opportunity shall apply in the areas of recruitment, employment, job assignment, promotion, upgrading, demotion, transfer, layoff, termination, and rates of pay or other forms of compensation. This requirement does not apply to (i) work, goods, or services unrelated to the Contract; or (ii) employment outside New York State.

The Applicant will be required to submit a Minority and Women-Owned Business Enterprises and Equal Opportunity Policy Statement, to the State Contracting Agency with their bid or proposal. To ensure compliance with this Section, the Applicant will be required to submit with the bid or proposal an Equal Opportunity Staffing Plan (Form # to be supplied during contracting process) identifying the anticipated work force to be utilized on the Contract. If awarded a Contract, Contractor shall submit a Workforce Utilization Report, in such format as shall be required by the Contracting State Agency on a monthly or quarterly basis during the term of the contract. Further, pursuant to Article 15 of the Executive Law (the "Human Rights Law"), all other State and Federal

New York State Office of Mental Health (OMH)

statutory and constitutional and non-discrimination provisions, the Contractor and sub-contractors will not discriminate against any employee or applicant for employment status because of race, creed (religion), color, sex, national origin, sexual orientation, military status, age, disability, predisposing genetic characteristic, marital status, or domestic violence victim status, and shall also follow the requirements of the Human Rights Law with regard to non-discrimination on the basis of prior criminal conviction and prior arrest. Please Note: Failure to comply with the foregoing requirements may result in a finding of non-responsiveness, non-responsibility and/or a breach of the Contract, leading to the withholding of funds, suspension or termination of the Contract or such other actions or enforcement proceedings as allowed by the Contract.

3.8 Sexual Harassment Prevention Certification

State Finance Law §139-l requires applicants on state procurements to certify that they have a written policy addressing sexual harassment prevention in the workplace and provide annual sexual harassment training (that meets the Department of Labor's model policy and training standards) to all its employees. For more information, please review the SFS Attachment Guide [here](#). Failure to comply with these guidelines may result in attachments not being viewable to reviewers.**

The Evaluation will apply points in the following categories as defined in Section 6:

Technical Evaluation	Points
Collaborate with and onboard schools	30
Operational Management	30
Implementation	10
Diversity, Equity and Inclusion and Peer Support Language	10
Financial Assessment	20
Total Proposal Points	100 Points

For a detailed description of evaluation criteria for the Technical Evaluation and the Financial Assessment components, see Section 6 (Proposal Narrative).

4.2 Method for Evaluating Proposals

Designated staff will review each proposal for completeness and verify that all eligibility criteria are met. A complete proposal shall include all required components as described in Section 2.9. If a proposal is not complete or does not meet the basic eligibility and participation standards as outlined in Section 2.4, the proposal will be eliminated from further review. The agency will be notified of the rejection of its proposal within 10 working days of the proposal due date.

Proposals will be conducted in two parts: Technical Evaluation and Financial Assessment. The technical evaluation committee, consisting of at least three evaluators, will review the technical portion of each proposal and compute a technical score. A financial score will be computed separately based on the operating budget and budget narrative submitted.

Evaluators of the Technical Evaluation component may then meet to discuss the basis of those ratings. Following the discussion, evaluators may independently revise their original score in any section. Once completed, final Technical Evaluation scores will then be recalculated, averaged, and applied to the final Financial Assessment score to arrive at final scores.

Any proposal not receiving a minimum score of 70 will be eliminated from consideration.

In case of a tie in the scoring process, the proposal with the highest score Section 6.2 Operational Management of the Proposal Narrative will be ranked higher.
