Commissioner

MOIRA TASHJIAN, MPA
Executive Deputy Commissioner

February 2023

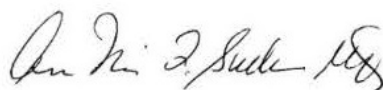

I am pleased to submit the report from the Office of Mental Health (OMH) on the Anti-Stigma Program. Pursuant to Mental Hygiene Law section 7.47, part c, OMH is required to report expenditures from the prior year.

The Mental Illness Anti-Stigma tax check-off program was launched in 2016 and allows NYS taxpayers to easily contribute to and help fund anti-stigma activities across the state when filing their NYS taxes.

Contributions to the fund are used by the New York State Office of Mental Health to provide grants to organizations that are focused on educating New Yorkers about mental illness and addressing the stigma often associated with mental illness. Eligible activities include but are not limited to targeted messaging and advertising, production of printed materials, speakers, training, engaging with individuals with lived experience, and multimedia productions.

The OMH Anti-Stigma Program is dedicated to assisting these organizations as they work to eliminate stigma and educate the community. The following pages contain details of the expenditures and programs that are supported.

Sincerely,

Ann Marie T. Sullivan, M.D.
Commissioner

2022 Anti-Stigma Expenditures

Activity	Expense	Recipient/Legal Entity	Activity Purpose
Mental Health News Education	\$45,000.00	Mental Health News Education Inc.
