## **December 2019 Monthly Report:**

OMH facility performance metrics and community service investments

## Report Overview:

This report presents a summary of State Psychiatric Center (PC) operating characteristics and performance measures at the facility level for the month of the report.

Detailed data tables provide information on funding and utilization levels for all programs funded by reinvestment of State PC reduction savings, and from reinvestment of the State share of Medicaid for inpatient hospital bed reductions. Funding for these programs began in 2014. These utilization tables provide a general description of the programs, the program location or coverage area, age groups served, prior capacity (when applicable), funding level, and the number of people served. During program start-up, progress notes indicate when funds were issued on contract or via the county State Aid Letter.

The glossary of services, which was previously included in the monthly report, is now posted to the OMH Transformation website at <a href="https://www.omh.ny.gov/omhweb/transformation/">https://www.omh.ny.gov/omhweb/transformation/</a>.
