September 2019 Monthly Report:

OMH facility performance metrics and community service investments

Report Overview:

This report presents a summary of State Psychiatric Center (PC) operating characteristics and performance measures at the facility level for the month of the report.

Detailed data tables provide information on funding and utilization levels for all programs funded by reinvestment of State PC reduction savings, and from reinvestment of the State share of Medicaid for inpatient hospital bed reductions. Funding for these programs began in 2014. These utilization tables provide a general description of the programs, the program location or coverage area, age groups served, prior capacity (when applicable), funding level, and the number of people served. During program start-up, progress notes indicate when funds were issued on contract or via the county State Aid Letter.

The glossary of services, which was previously included in the monthly report, is now posted to the OMH Transformation website at https://www.omh.ny.gov/omhweb/transformation/.

^{1.} Greene and Schenectady Counties currently receive Stony-Lodge Rye Article 28 funding for supported housing, and utilization is reported on Table 3m. Additional supported housing units were awarded to these counties through Rockland PC Aid to Localities. All utilization will continue to be reported on the Table 3m to prevent duplication.

^{2.} Mobile Crisis programs in Rockland, Sullivan and Ulster Counties are funded by the Rockland PC Aid to Localities funding and Stony-Lodge Rye Article 28 funding. The number of newly served individuals is only reflected on the Rockland PC table so as not to duplicate the number of individuals served.
