August 2026 Monthly Report

OMH Facility Performance Metrics and Community Service Investments

Report Overview

This report is comprised of several components:

1. State Psychiatric Center (PC) descriptive metrics;
2. Description and status of community service investments;
3. Psychiatric readmissions to hospitals and emergency rooms for State PC discharges;
4. Psychiatric readmissions to hospitals and emergency rooms for Article 28 and Article 31 hospital psychiatric unit discharges.

Overview of Community Service Investment Tables

Detailed data tables provide information on funding and utilization levels for all programs funded by reinvestment of State PC reduction savings, and from reinvestment of the State share of Medicaid for inpatient hospital bed reductions. Funding for these programs began in 2014. These utilization tables provide a general description of the programs, the program location or coverage area, age groups served, prior capacity (when applicable), funding level, and the number of people served. During program start-up, progress notes indicate when funds were issued on contract or via the county State Aid Letter.

The glossary of services is posted to the OMH Transformation website at https://www.omh.ny.gov/omhweb/transformation/.

Reporting Schedule & Data Updates

Tables 3a-3n contain a column called “Reporting Schedule,” which indicates if the information is updated on a monthly basis or on a quarterly basis. For information that is updated on a quarterly basis, the report will only reflect a change in information every three months on a calendar year quarterly schedule (i.e., updates will be made in March, June, September, and December reports), rather than monthly. When updates are quarterly there will be no change in the data in the monthly reports in between the quarterly reports, although services are still occurring in those months.

Tables 4 and 5 also have information that is updated on a quarterly basis. Hospital-level performance on the post-discharge metrics of Hospital Readmission and Emergency Utilization in these tables is based on Medicaid billing data. To ensure billing data is received prior to calculating the metrics, the discharge cohort evaluated is based on a time period 9 months prior to the date of the monthly report and is updated on a quarterly basis.

Notes:

1. Research units and Sexual Offender Treatment Programs (SOTP) were excluded.

2. Budgeted Capacity reflects the number of operating beds during the month of the report.

3. Admission excludes returns from temporary transfers to external hospitals.

4. Discharge includes discharges to the community and transfers to another State IP facility.

5. Out of Catchment Area Placements are defined as: The number of individuals referred to each facility but admitted outside of the facility's catchment area at the time of referral.

6. Long Stay is defined as: Length of stay over one year for adult and forensic inpatients, and over 90 days for child inpatients.

7. Monthly Average Daily Census defined as: Total number of inpatient service days for a month divided by the total number of days in the month. Population totals displayed may differ from the sum of the facility monthly

8. Census Exceeding Budgeted Capacity reflects the total number by which average daily census exceeded the current budgeted capacity.

9. Hutchings PC children's beds were closed in October to complete the conversion of these units for SUNY Upstate Hospital to operate expanded children's inpatient programming. SUNY bed expansion was reflected in Table 5, which includes a new specialty unit for youth with psychiatric and intellectual or developmental disabilities.

Notes:

1. The Crisis Program Expansion - Long Staty Team in Nassau, and the Mobile Crisis Team expansion - Long Stay Team in Suffolk County are funded by Long Island Art. 28 reinvestment funding and Pilgrim PC Aid to Localities funding. The number of newly served individuals is only reflected on Table 3n, so as not to duplicate the number of individuals served.

2. Previously undeveloped State FTE resources converted to support new local Mobile Crisis and Client Financial Management programming. Additional unallocated resources shifted to Table 3h.

3. State Resources funding – In Development $70,000 previously allocated to NYC PC on Table 3h was reallocated to State Resources funding - In Development in Pilgrim PC on Table 3e.

4. The Mobile Crisis Team in Nassau County is funded by Long Island Art. 28 reinvestment funding and Pilgrim PC Aid to Localities funding. The number of newly served individuals is only reflected on Table 3n, so as not to duplicate the number of individuals served.

5. Pilgrim PC Aid to Localities reinvestment funding for Hospital Alternative respite program on Table 3e is blended with Long Island Article 28 reinvestment funding for Peer Outreach program on Table 3n. The number of newly served individuals is only reported on Table 3e, to prevent duplication in the number of people served.

Notes:

1. Research units and Sexual Offender Treatment Programs (SOTP) were excluded.

2. Readmissions were defined as State PC and Medicaid (Article 28 /31) psychiatric inpatient readmission events occurring within 1 to 30 days after the State PC discharge. The first readmission within the 30 days window was counted. The denominator for this measure was based on State inpatient discharges to the community. The discharge cohort has a 6-month lag to allow time for completion of Medicaid claim submissions. The discharges that were no longer qualified for Medicaid services (lost Medicaid eligibility, had Medicare or third party insurance) were excluded from the discharge cohort but who had a state operated service in the 3 months post discharge were retained in the discharge cohort.

3. ER utilization was identified using Medicaid claims and encounters only. The numerator included the first Psychiatric ER/CPEP event that occurred within thirty days post discharge. The denominator for this measure was based on State inpatient discharges to the community. The discharge cohort has a 6-month lag to allow time for completion of Medicaid claim submissions. The discharges that were no longer qualified for Medicaid services (lost Medicaid eligibility, had Medicare or third party insurance) were excluded from the discharge cohort.

***Note this rate may not be stable due to small denominator (less than 20 discharges in the denominator).**

Notes:

1. Private (Article 31) hospitals are classified as Institutes for Mental Diseases (IMD), and as such, are not reimbursed by Medicaid for inpatient treatment in their facilities for persons aged 22-64.

2. Data are presented by county of discharging hospital location and age group (child or adult). If an entity operates more than one hospital and county is not available on the records (e.g., managed care encounters), the discharges and readmissions are assigned to one of the hospitals.

3. Hospitals that closed prior to 07/01/2026 are excluded.

4. The denominators for the metrics were based on discharges to the community. The discharge cohort has a 6-month lag to allow time for completion of Medicaid claim submissions. The discharges that were no longer qualified for Medicaid services (lost Medicaid eligibility, had Medicare or third party insurance) were excluded from the discharge cohort.

5. Readmissions were defined as State PC and Medicaid psychiatric (Article 28 /31) inpatient events occurring within 1 to 30 days after the Article 28 /31 discharge. The readmission was only counted once.

6. When the psychiatric unit is a child or adolescent unit, persons aged 21 or younger are counted as a child. For adult units, persons aged 16 or older are counted as adults.

7. ER data were extracted from Medicaid claims and encounters only. The numerator included the first Psychiatric ER/CPEP event that occurred within thirty days post discharge.

8.Change at Westchester Medical Center - Mid-Hud Val Div. was increased by 20 adult beds from 40 to 60, effective date is 5/8/2026.

9.Change at Brylin Hospitals, Inc. was decreased by 1 adult beds from 63 to 62 and decreased by 3 child beds from 25 to 22 , effective date is 1/28/2026.

***Note: This rate may not be stable due to small denominator (less than 20 discharges in the denominator).**
